

Powerlink® Essentials

Everything you need in a basic yard management system at an affordable price.

Providing the Competitive Edge

There are many good reasons why more recyclers have selected Powerlink as their yard management system of choice. Powerlink provides them with all the tools they need to gain the competitive edge. Fully integrated with the Hollander Interchange, Powerlink helps you sell more parts with confidence. And because Powerlink is built on Microsoft Windows, it is the easiest to learn and use.

A feature rich system that can grow as you do

From selecting the vehicles to buy to selling parts and sending monthly statements to your customers, Powerlink Essentials® provides you with the greatest value for your money. And as your business prospers and your needs change, upgrading to the full version of Powerlink® is easy without having to convert data or learn new processes. Powerlink Essentials® can be your best employee, and the least expensive as well.

Finally, a system that grows when you do.

Powerlink® Essentials offers you quick and painless upgrades as your business grows. With Powerlink Essentials you start with what you need today and upgrade to all features when you need them without changing your workflow.

Feature	Powerlink® Essentials	Full-featured Powerlink

Lower your initial cost by installing Powerlink Essentials on a Hollander PowerStation

Hollander PowerStation is a mini-server with a mini monthly fee that is more powerful than a standard PC and designed to keep your data safe and tamper proof. What's more, never pay for a server upgrade again as long as you continue the lease.
